

# UK PASSIVHAUS OPEN DAYS 2016

11 - 13 November

## WHEN

FRI 11th 10am - 5pm  
SAT 12th 10am - 5pm

Strictly no parking on Convent Lane or at the house (lane is a dead-end).

Hampshire PassivHaus was completed in May 2015 and is certified. Built on a brown field site, the L-shaped design is a sensitive response to the site and includes a sunny courtyard garden. Construction features include a low-carbon concrete slab and cross-laminated timber panels (CLT). The house structure was erected in just 4-days, with the CLT panels providing airtightness and an attractive internal finish to the home.

## WHERE

7 Convent Lane  
Emsworth  
Hampshire  
PO10 7JJ

Nearest Station/ Stop:  
Emsworth Station
