

2018 UK PASSIVHAUS OPEN DAYS

09 - 11 November

WHEN

SAT 10th 10am, 11am, 1pm 2pm

SUN 11th 10am, 11am, 1pm 2pm

No parking on-site.

With its ground-floor partly sunk into the sloping ground, this passivhaus is constructed of cross-laminated timber (CLT), which is set onto a concrete retaining wall. The internal layout of the four-bedroom house is conceived to enable the comfortable cohabitation of three generations under one roof. As a furnished holiday let, it will also offer interested parties the opportunity to try out passivhaus living.
