

# UK PASSIVHAUS OPEN DAYS 2019

28 - 30 June

## WHEN

SAT 29th 11am - 3pm

Full renovation of dilapidated existing 1960s detached house in Stockport, just shy of the EnerPHit standard. The scheme is outside of the certified airtightness tolerance. The project sought a better understanding of how an ordinary suburban property could be improved to look good, be exceptionally comfortable, and at what cost. The works took around a year to complete.

## WHERE

2 Churwell Avenue,  
Stockport SK4 3QE

Nearest Station/ Stop:  
Burnage Rail Station, Bus 42 and 197

## BOOKING

Russel Hayden (architect, project manager, owner, part self-builder)
