

PASSIVHAUS OPEN DAYS 2022

11 - 13 NOVEMBER

WHEN

Saturday 12 November

10:30

14:00

Bookings available in 2 slots.
PPE required – some available on site.

Two semi-detached homes, aiming for Passivhaus, overlooking the stunning beach. Both homes are built with PH15 System using low upfront carbon materials & offsite manufacturing. Tours include a technical talk on using timber & low embodied carbon materials in fabric first construction. This project is under construction and the timber frame will be at airtightness testing stage.
