

# PASSIVHAUS OPEN DAYS 2022

11 - 13 NOVEMBER

## WHEN

Friday 11 November

Please enquire for tour times and further information.

The Willows is a deep retrofit of a dated chalet bungalow, remodeled in the style of a Georgian rectory. Aiming for EnerPHit certification, the project will be highly energy efficient with very low heating bills and carbon emissions. Other benefits include thermal comfort throughout the year, constant fresh air supply and stable moisture levels. The design implements the patented Beattie Passive 'TCosy' system.

## WHERE

### Detailed Address

The Willows, Sallow Lane, Kirby  
Bedon, Norfolk, NR14 7DT
